Safety Notes:

➔ Catalytic converter theft from motor vehicles remains elevated in the off-campus area and precinct. The catalytic converters contain precious metals that can be sold for cash.
   ◆ Prevention:
     ● Park in a secured garage or other secure location.
     ● Install a catalytic converter protector or cage. These can typically be installed by a certified auto technician.

➔ Burglary from Motor Vehicles is up ~75% compared to the four year average.
   ◆ Prevention:
     ● Do not leave anything of value in your vehicle.
       ○ Many of these crimes are “smash and grab” in which windows are broken and items grabbed quickly.
     ● Always lock your vehicle and never leave your running vehicle unattended.
