Safety Notes:

   ◆ Travel light. Try to avoid bringing valuable items with you as you are walking around.
   ◆ Be vigilant and aware of your surroundings, especially at night.
   ◆ Keep your bikes, mopeds, scooters, and vehicles locked at all times and avoid storing valuable items in visible places.
➔ With many students returning to campus it is important to remain aware of your surroundings and help yourself and others in the prevention of sexual assault. It is important to remember:
   ◆ Many sexual assaults involve partners known to the victims.
   ◆ Always seek affirmative consent from partners.
   ◆ Be an active bystander.
      ● Direct (confront the situation), Disrupt (interrupt the behavior), Delegate (involve others in the process)
      ● Note: Individuals impaired by substances or alcohol cannot gauge or give consent.
